## PRODUCTS

Over the years Royal Impressions has handled every kind of printing from the simple to the highly complicated. Its ability to offer complete solutions stems from its wide ranging activities that encompass:

- 4 Colour Offset Machine
- Paper Cutting Machine
- Designing & Layouting
- Mini Offset Machine
- Big Offset Machine
- Screen Printing
- Die-Punching Machine
- Perfect Binding Machine
- Label Printing Machine

## SERVICES

### PREPRESS

Digital workflow becomes a reality here - fully imposed flats with colour bars, registration marks and cut marks are sent directly to the image setter. This means that there is no manual stripping involved, which means quality, faster and easier registration on press.

Our prepress facilities - Scanners, Workstations, Output devices & Workflow.

### PRESS

4 colour printing with online coating. Automatic plate-mounting, automatic CIP3 ink-key setup, completely computerized control of registration, inking and dampening. Our presses are state-of-the-art.

### POST PRESS

Post-press operations are an important and integral part of the job. Proper finishing to a well printed job is what differentiates a good job from a great job.

**Our Postpress Facilities** - Coating and laminations, Binding services and other finishing services

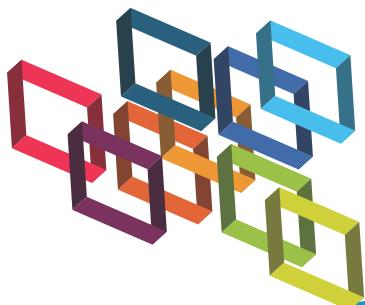

### SAMPLE AVAILABILITY AND POLICY

Samples can be provided according to the buyers requirements.

### DELIVERY AND PRODUCT GUARANTEES

Depending on the mass of the quantity, delivery period will be intimated. Mahalakshmi printers promptly replaces goods in case any manufacturing defect is found.

Timely Delivery of jobs
